Vergennes PEL Study Public Workshops

The Vermont Agency of Transportation (VTrans), in partnership with the Addison County Regional Planning Commission (ACRPC), invite you to attend workshops for the Vergennes Planning and Environment Linkages (PEL) Study, a study regarding truck traffic in Vergennes, in late May/early June.

In-person at the
Vergennes Opera House

Thursday, May 26th
6:00 – 8:30 p.m.

Virtually via Zoom

Wednesday, June 1st
6:00 – 8:30 p.m.

Please join us to have your voice heard!

The Vergennes Planning and Environment Linkages (PEL) Study is considering transportation alternatives that reduce the impact of large truck traffic on VT Route 22A and Downtown Vergennes to enhance the quality of life and economic vitality in Vergennes and the surrounding towns.

The Study team is now compiling a range of potential alternatives and developing draft alternatives screening criteria to be considered. **The purpose of the public workshops is to gather feedback on the draft range of alternatives and screening criteria.**

The workshops will include:

- ✓ Overview of the project
- ✓ Study status update
- ✓ Presentation of possible alternatives and draft screening criteria
- ✓ Workshop discussion of alternatives and criteria
- ✓ Question and answer

The same information will be covered at both meetings. Please check the project website for COVID-19 guidelines related to in-person attendance, and for any potential changes to meeting protocols/format based on guidance from the Vermont Department of Health: <https://vergennesspel.com/news-events/>

Requests for free interpretive or translation services, assistive devices, or other reasonable accommodations, should be made to Katharine Otto, at least 4 business days before the event.
